

## Clinical Consultant

### CLINICAL CONSULTANT ( 0.2 FTE) – CHILD DEVELOPMENT

We're looking for someone who is passionate about supporting others to succeed. This role works closely with the manager of Child Development Services and supervises the clinical capacity of the child development team. The Clinical Consultant in this portfolio, offers and guide team members through effective evidence-based programming to promoting healthy child and family development.

### WHAT MOVES YOU

- A healthy mix of big picture program delivery vision, children brain research and team supervision
- Flexing your continuous improvement muscles to refine our practices so we can achieve better results
- Have a say and be part of the strategic programing for effective Child Development Services

### WHAT YOU'LL DO

- Provide clinical supervision of the child development counsellors, including identification and resolution of ethical, clinical, and systemic issues
- Promote supervisees' ongoing professional development; and adherence to organization and program policies, procedures and professional standards.
- Provide expert guidance to Child development counsellors around trends in family violence, child development, parenting research, and children with vulnerabilities
- Support collaborative clinical practice across YW programs.
- Work with community partners towards effective coordination of service for clients.
- **This position works 15 hours per month**

### WHAT YOU'VE DONE

- Graduate degree in Psychology or Social Work (with a **specialization in clinical practice**) required.
- Professional registration association.
- **Minimum 5 years of counselling experience; and a minimum 3 years of clinical supervisory experience.**
- Specialist skills in working with parents and children who have experienced domestic violence and brain development.
- **Exemplary understanding of child's brain development.**
- Experience working with individual, group, children and families that experienced or are at risk of experiencing trauma.
- **Training and experience in treatment options including but not limited to: 1) CBT (trauma-focused); 2) mindfulness; and 3) DBT.**

**If you want to work to change lives, we want to meet you.**
