

## Letter from the Supervisor

Dear Families,

Thank you for your interest in YW Childcare Centre. Great and exciting things are happening at our program and we invite you to experience them.

Children and families have been a part of my life since 1999 when I first began teaching Kindergarten. I was a kindergarten and primary teacher for four years before opening my own preschool and oral language development program in British Columbia. Seven years later, I move to Calgary with my husband and three children where I received my Early Childhood Educator Certification from Alberta Child Development Branch and quickly became a Childcare Supervisor. I have been with YW Childcare since February 2018 and find it to be the most exciting and rewarding position yet. I feel very fulfilled in my role as Supervisor, I support the educators in all aspects of their work, through managing the center, providing resources and problem solving with them to ensure we are providing the best care possible to the children and families.

YW Childcare has a team of educators that are phenomenal. They take to heart our philosophy that children forming secure attachments is of utmost importance. You will find that the educators in each room are actively building positive relationships both with your children and yourselves. These relationships provide continuity of care and a welcome, safe, stimulating and caring environment. Not only are the educators providing the children with a wide variety of opportunities for exploration, discovery and positive growth, they are partnering with the families to expand on these relationships at home.

Parents are always welcomed, as we are partners in caring for your children. We invite you to share ideas, give feedback and get involved through volunteerism and participation in program events.

We thank you for exploring our centre and look forward to providing your child with the care and education they truly deserve.

**HEATHER MCGREGOR**

Supervisor, YW Childcare Centre

YW Calgary
